*Planet of the Apes and Philosophy*

“Who knew that one movie could inspire such fascinating discourse? A thought-provoking collection from some of the brightest minds of our time.”

— VANESSA WOODS, bestselling author of *Bonobo Handshake* and *The Genius of Dogs*

“In this entertaining and provocative book, philosophers tackle the implications of the 1968 movie Planet of the Apes and its many sequels which keep on coming. The book’s subtitle, Great Apes Think Alike, says it all, regarding not only ‘hairy’ apes but also the apes most in need of reflection—humans.”

— JEFFREY H. SCHWARTZ, author of *The Red Ape*.

“An engaging and accessible discussion of the myriad scientific, ethical, political, psychological, and artistic questions raised by the Planet of the Apes franchise, told with a knowledgeableness and dry humor sure to delight fans.”

— EMILIE RAYMOND, author of *From My Cold Dead Hands: Charlton Heston and American Politics*

“Even though apes aren’t monkeys, it’s still true that this book is more fun than a barrel of monkeys.”

— ELLIOTT SOBER, author of *Did Darwin Write the Origin Backwards?*
